Bishop Vandenberg To Speak Today

Bishop John H. Vandenberg of the Presiding Bishopric of the Church of Jesus Christ of Latter-day Saints, will speak at the Devotional Assembly today at 10 a.m. in the de Jong Concert Hall of the Harris Fine Arts Center.

Bishop Vandenberg was born and educated in Ogden, Utah. He has served as a missionary to the Netherlands, skato mission president, first counselor in the Denver Stake Presidency, and as second counselor in the Ensign (Salt Lake City) Stake Presidency.

He was called to be Presiding Bishop of the Church in October, 1961.

Besides being a member of the Church Expenditures Committee, Bishop Vandenberg also serves as a member of the General Priesthood Committee, and the Church Welfare Committee. Since 1963 he has been general manager of the Church's world-wide welfare program.

In addition, he presides over the Aaronic Priesthood of the Church.

Bishop Vandenberg was formerly engaged in the merchandising of wool and livestock in Denver. He was also associated in textile

manufacturing and ranching in that city.

Born in 1904 in Ogden, Utah, where he attended school, Bishop Vandenberg is married to the former Rena Stok, and they have two married daughters.

Tutor Services Sought

Tutors are needed. According to the Tutoring Office, A202 Jesse Knight Bldg., those competent in such areas as math, English, accounting and history, should contact that office if they desire to offer their services to those needing tutoring.

Dave Gordon, student from Tooele, Utah, has had back surgery and needs to have two mints of blood—any type—replaced. Interested donors should mention his name at Utah Valley Hospital.

Cinema Package Deal

Many of the all-time "greats" will be seen on campus this summer as University Cinema features a special "adult" movie program intended for the whole family—all the scheduled films are at least 21 years old.

Clark Gable and Charles Laughton, and *Prizefighter* with Laurence Olivier and Greer Garson in a tongue-in-cheek comedy of 18th century English manners.

A marathon will be shown on July 14 especially for the "young crowd." The Greatest Show On Earth and The Adventures of Robin Hood.

The rest of the summer is to be filled with such movies as The Good Earth, A Raisin in the Sun, Jane Eyre, David Copperfield, Thirty Seconds Over Tokyo, and North-West Passage with Cary Grant, Orson Welles, W.C. Fields, Lionel Barrymore, and Spencer Tracy among the cast of stars.

The Cinema Program has also provided a special \$2.00 summer pass that allows the bearer to see all the movies for only 20¢ per showing! The management has emphasized that this is a unique opportunity to see many of the great movies for one last time!

A collection of 22 lithographs by the French artist Georges Braque is on display in the Harris Fine Arts Center on loan from Grant Johannesen, the internationally noted Utah pianist.

The Braque works, favorites of Mr. Johannesen, were gathered during his concert tours in Europe. Braque was one of the founders of cubism.

GIVE RECITALS

Mr. Johannesen and his wife, the renowned cellist Zara Nelsova, will present two more recitals on campus. Miss Nelsova will give a cello recital June 28 at 8:15 p.m. in de Jong Concert Hall, and Mr. Johannesen will present a piano recital July 1.

The musicians' collection of Braque's works is of a single series called "Lettre Amorena," based on a composition by a French poet, Rene Char, completed in 1932.

Braque, whose artistic inspiration often derived from the elementary forms of nature, found an ample source of beauty in Char's text and subsequently set to work to illuminate these words with his own particular interpretation.

ARTISTIC GRANDEUR

The result is the last great series of lithographs he achieved, and the time he spent on them (1958-1961) attests to the importance he placed on them. It is known that Braque made two or three versions (later destroyed) before arriving at the final states.

Of the series of 22 lithographs Braque supervised 75 sets, after which the plates were destroyed. Artists say the series reaches the heights of poetic grandeur only equalled by Picasso and Rouault.

Bookstore Heads Shift; Newly Named Manager

R. E. Utley has been added to assistant manager of the BYU Bookstore. It was announced recently that Ernest L. Wilkinson, succeeds Ivan L. Sanderson, as accepted the management of the Stanford University bookstore in Palo Alto, Calif. Mr. Utley was associated with the BYU Bookstore for more than 10 years and served as manager for several years.

SEVENTH LARGEST BYU Bookstore is the seventh largest bookstore in United States in sales volume. It is a member of the National Association of College Bookstores and Eastern College Bookstore Association.

Utley graduated from BYU in 1958 and worked in the field of business in 1959 and holds a secondary education certificate. In the past years he has served as assistant buyer and manager of the book department. He

became assistant manager last year.

Previously he was employed in the J. C. Penney Company management trainee program in Provo, and has been associated with the Production Control Department of Hercules Powder Company.

BYU's tennis and track teams, no strangers to travel abroad and competition on the road, have been given the green light for another summer tour of Europe.

Announcement of the four-week tour, which has been in the planning stages for nearly a year, was made last Saturday by University president Dr. Ernest L. Wilkinson. The tour, Dr. Wilkinson said, had been given final approval.

An 18-man track team and a six-man tennis team from BYU will leave Salt Lake City on July 2. The two teams will compete in several European countries before returning home on Aug. 1.

FIFTH TOUR

This will be the Cougar track team's fifth tour of Europe. Their last trip abroad was in 1955 when they were accompanied by BYU's golf and tennis teams.

As now planned, the forthcoming

tour will include track meets in England, Ireland, Germany, Sweden, Finland and Switzerland.

BYU's tennis team, meanwhile, will take a different route, meeting teams in England, Holland, Italy, France and Monaco. There is also a chance that BYU netters will participate in matches in Portugal.

BEST COMPETITION

Said head track coach Clarence Robinson of the tour: "We are, of course, thrilled to have an opportunity to return to Europe. Our former tours were very successful, and since this is an Olympic year, we know that the caliber of competition we meet will be the best."

Robinson said that reports he had received indicated the coaches of the BYU team will visit are all anxious to test some of the competition from the USA.

Interest in the junketing BYU

team is especially high in Finland, where fans are awaiting the return of Cougar stars Pertti Pousa, Altti Alarotu and Jaskko Tuominen.

Robinson said the team selected for the tour is one of the finest ever put together by the Cougars. The group includes half a dozen performers who currently hold school records.

Among the track and field standouts are Altti Alarotu, 7'1 1/4" in the pole vault; Stan and Steve Bergeson, the freshman twins who hold the 800 (1:51.6) and 800-meter (1:48.5) records at BYU; high jumper Ed Hanks (7'1 1/2"); discus thrower Mike Hoffman (184'4 1/2"); long and triple jumper Pertti Pousa (26'3 1/2" and 34'11 1/2"); durable distance man Bob Richards, who was NCAA steeplechase champion in 1965; and all-around performer Jim Blaisdell.

Around Campus

M-MEN AND GLEANER BANQUET

Master M-Men and Golden Gleaner Banquet that is held annually during MIA Conference will be held in the Wilkinson Center Ballroom Thursday night at 7:30 p.m. Tickets must be obtained by Wednesday at the Wilkinson Center information desk.

FAMILY SWIMMING

The Helaman Halls swimming pool will be open for public use this Wednesday and Thursday. Wednesday swimming will be for married couples or those who are over 21. Thursday children may accompany their parents.

The pool will be open from 8 to 10 p.m. both nights. Price for admission will be fifty cents.

COMPUTER COURSE

Two special courses in computer language are being sponsored by

the Computer Research Center for summer semester. No fee will be required of those who desire to take the non-credit classes.

Beginning FORTRAN will be taught by Steve Johnson starting June 24 and ending July 2; and beginning COBAL, taught by Gwen Wiser, will start July 8 and run through July 18th. Both classes will be taught in room 4 ASB from 12 to 1 p.m. daily.

RECORD HOP

A record hop, sponsored by the social office, will be held Friday night from 8 p.m. to 12 midnight.

FRESHMAN TEA

Associated Women Students needs the help of BYU coeds in planning the Freshman Girl's Tea September 20.

Interested girls can leave their name and phone number in the AVS office, 445 Wilkinson Center, before Friday, June 28.

Now registering for summer classes!

- One person at end of this series of demonstrations will win a fully paid scholarship to Reading Dynamics.
- You will use a Reading Dynamics graduate read at amazing speeds from a book he has never seen before and then tell in detail what he has read.
- You will use a documented film that includes actual interviews with Washington Senators who have taken the course.
- You will learn how we can help you to faster reading, with improved comprehension and greater recall.

Each demonstration lasts 1 hour and 15 minutes.

Money Back Guarantee

We guarantee to increase the reading efficiency of each student AT LEAST 3 times. We will refund the entire tuition to any student who, after completing minimum class and study requirement, does not at least triple his reading efficiency as measured by our beginning and ending tests. Reading efficiency combines rate AND comprehension, not speed alone.

Here are some comments from typical students:

Robert Driscoll, Student

This course has given me time to enjoy all of the books I have wanted to read for so long.

Ray C. Jolly, Professor

Reading Dynamics has already proved a substantial help in covering material that I need to use in teaching. It has also made it possible for me to do some reading outside of my professional field—something I have not done in years because of lack of time.

William Moore, Executive

This course has added new dimensions of enjoyment and information to a busy schedule. I would recommend it particularly for the High School or College student. It teaches planned study and comprehension. It is valuable for anyone determined to put forth the effort.

Scott Mossinger, Student

I've thoroughly pleased with the course. Last week I read six books on chemistry with better understanding than I've ever had in previous years of study.
